

Allied Health Professions Enhanced Clinical Practice Employer Webinar

A webinar for employers interested to understand developments with the National AHP Enhanced Practice Programme.

Wednesday 03 May 2023 16:00 – 17:00pm [Link to register](#)

Friday 05 May 2023 10:00 – 11:00am [Link to register](#)

Tuesday 09 May 2023 12:30 – 13:30pm [Link to register](#)

Webinar content is the same on each of these dates.

This webinar is for employers interested to understand developments with the National AHP Enhanced Practice (EP) Programme.

We will be delighted to share some significant progress in our work to develop nationally recognised profession-specific training schema and model curricula for the enhanced level practice apprenticeship applicable to the individual Allied Health Professions (AHPs).

We will update on the development of profession specific content for EP apprenticeships for 10 of our AHP professions, which will be a significant addition to career frameworks, whilst supporting retention and upskilling of our workforce.
